- 4 - Strongly agree
- 3 - Agree
- 2 - Neutral
- 1 - Disagree
- 5 - Strongly disagree

21. Give three observations / suggestions to improve the overall teaching - learning experience in your institution.

103 responses

Nothing

There is nothing to improve in the teachers but the issue of the part of teaching and providing the proper question bank for exam is necessary. All teachers are very well in teaching the subjects.

Nothing

They should organize industrial visit

It's good

Some teachers and staff are too good. Teachers like numerical nites and staff formal exam are very polite and very cooperative but some teachers comes with a certain ego and attitude which is not acceptable.

All the best

Teaching staff is good, communication is very good and they solve problem of students and help to study well. There issues

All are the best

Practical Teachers

All of teachers are good

Nothing

Very good teaching

It's all good

Need to improve

TEACHING STAFF IS EXCELLENT AND GOOD COMMUNICATION WITH STUDENTS.

The guidance provide by teachers are best

None

Not Required

OBJECTIVE

Sign up

Give three observations / suggestions to improve the overall teaching - learning experience in your institution.

OBJECT

Implementing Interactive Learning Methods Encourage institutions to incorporate more interactive learning methods such as group discussions, case studies, and hands-on activities to engage students actively in the learning process and promote deeper understanding of the material.

Technology Integration Invest in integrating technology effectively into the learning process, such as using learning platforms, multimedia resources, and virtual labs, to enhance accessibility, flexibility, and interactivity, catering to diverse learning styles and preferences.

Feedback Mechanisms Establish regular feedback mechanisms for both students and instructors to gather insights on the effectiveness of teaching methods, course materials, and overall learning experiences, facilitating continuous improvement and alignment with student needs and expectations.

Goal/Key

MPCJ College the all teaching staff is very nice

- 1) We should need projector to understand properly
- 2) We need to change some teachers otherwise they should teach properly
- 3) We need permission letter from our college.

All is best

To understand the students weakness

My institution is very satisfactory it

To to explain it with daily the examples.

Have some little fun (joke) in between to attract students always
Can work more practically over the theory lecture.

Teachers, professors, principal, along with all the staff members are so understanding and looking towards students. Enough opportunities are provided to students to learn, to build

View this page on the mobile app for iOS | Android | Tablet | Desktop | Print | Share | Feedback

Not

Bring more PPT to explain the concept with the help of diagrams

It being more interactive opportunity

1. Implement more interactive teaching methods to keep student engaged and promote active learning. This could include group discussions, hands-on activities, and real-world applications of concepts.
2. Provide regular feedback to students on their progress to help them understand their strengths and areas for improvement. This can be done through assignments, quizzes, and one-on-one meetings with teachers.
3. Encourage the use of technology in the classroom to enhance learning outcomes. This could involve using educational apps, online resources, and multimedia tools to make learning more dynamic and accessible.

Teaching properly to the students. College should provide career also.

1. College should provide internship from college
2. College should have career faculty

Student get don't give to student

Need some smart technology in our class such as projector, smart board, etc

The institute is good. Need to improve campus, cafeteria

No need

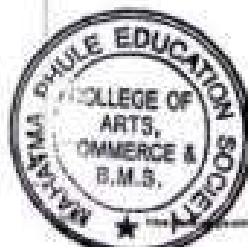

Be understand the children problem sometimes

Placement, career, projector

Thank you for your Valuable response....
