2.6.2: Attainment of POs and COs are evaluated.

Attainment of POs and COs are evaluated.

Assessment is done through one or more than one processes, carried out by the department, that identify, collect, and prepare data to evaluate the achievement of course outcomes (CO's) and programme outcomes (POs). The process for finding the attainment of Course outcomes and programme outcomes (POs) uses various tools/methods. Student's knowledge and skills are measured directly from their performance in the class test, internal tests, assignments, semester end examinations, laboratory assignments / practical, mini projects etc. These methods provide a sampling of what students know and/or can do and provide strong evidence of student learning.
